

## MEMORANDUM of UNDERSTANDING WORKING DOCUMENT

The Center to Champion Nursing in America (CCNA) welcomes your participation in the technical assistance phase following the 2009 Summit on Nursing Education Capacity and thanks you for your eagerness to continue this work. We look forward to helping you to achieve your goals in expanding nursing education capacity.

CCNA will provide the following general modes of technical assistance for expanding nursing education capacity, to all TA states:

- Monthly conference calls
- A state site visit, if desired by your team
- Advocacy training for influencing public policy in coordination with your state AARP office
- Facilitation of state-to-state mentoring
- Bi-annual newsletters
- Annual state policy updates
- Annual federal policy briefs
- A repository of available data, innovations and best practices, other relevant information, and funding sources

CCNA will also provide your state with specific technical assistance. Please list 2-3 priority technical assistance needs that your team has identified:

In return, CCNA requests that you provide us with the following:

- Fall 2009 baseline of nursing school enrollments across all pre-licensure RN programs
- Repeated measures in 2010
- A specific area of achievement that your team would be willing to share with other state teams, in a mentoring capacity:
